## **HISTORY**

Tianjin Fuji-ta Group Co. Ltd. was founded in 1992 and quickly became one of the leading OEM manufacturers of the biggest brands in the bicycle market. It is now the largest bicycle industry in the world.

## **PRODUCTION & TECHNOLOGY**

Fuji-ta has many production facilities in CHINA, and it is expanding with the 2 largest manufacturing facilities in VIETNAM and CAMBODIA, mainly for production of Electric Bicycle and to meet the demand of the European Market. THE LARGEST UP-TO-DATE PRODUCTION LINE in the World: 127 Production Lines – 33 Bicycle Assembly Lines – 9 Electric Bicycle Assembly Lines – 60 Bicycle Frames Production Lines (including Steel, Aluminium, Magnesium and Carbon Material Frames) – 25 Spraying and Baking Lines – 1200 Sets of world-class production devices – 350 sets of R&D Testing Equipment.

## **QUALITY & CERTIFICATES**

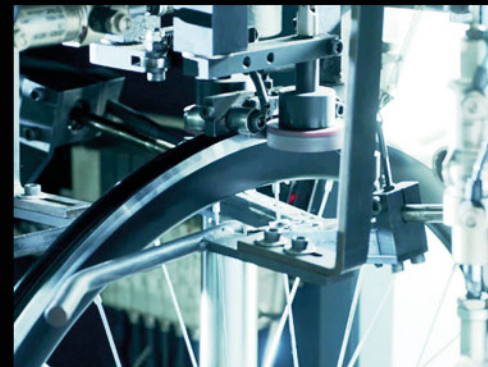

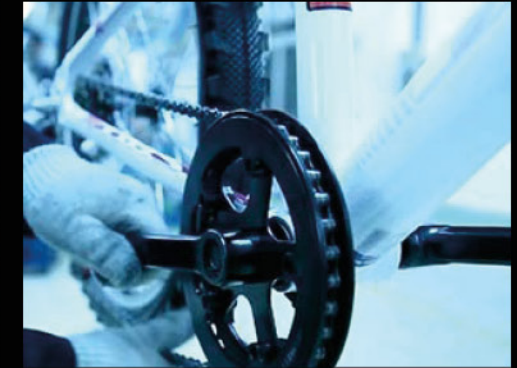

Fuji-ta has highly qualified engineering, R&D department, and Quality Control department to maintain in the high-level standards required by the world market. We match all major high quality certificates in the world: Europe (EN), USA (CPSC), South Korea (KS), Japan (SG), etc...

Fuji-ta Group has a complete quality control system, making products get effective quality control throughout the manufacturing process. During storage, production and delivery, the Group strictly controls all products, pays attention to the quality in each step, and ensure all products to meet the market requirements in different countries and regions.

## **CUSTOMERS & MARKET**

Fuji-ta Group has international partners all over the world and products are sold in over 50 countries (EUROPE, ASIA, NORTH AMERICA, SOUTH AMERICA, AUSTRALIA). Many famous and respected brands have chosen Fuji-ta as their manufacturing partner.

We are now proud to launch our first line-up of ELECTRIC BICYCLES under our FUJITA brand.
